

Therapeutic Relationships through the lens of IFS and Attachment Theory

December 4 - 5, 2023

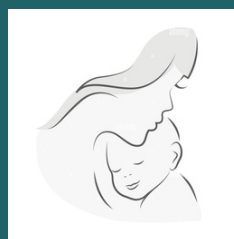

9am - 4pm EST ONLINE

[Register Here](#)

Presenter:

Marina Hazan, RSW

Certified IFS Therapist
& Approved Consultant

\$425 Early Bird
(until Oct 20)
\$450 Regular

In this workshop we will:

- Learn about attachment styles through the IFS perspective, including 8 Cs of Attachment
- Explore the complexity of attachment wounds and styles within one's system (clients' and our own)
- Learn how our attachment style(s) impacts our presence in the therapy room
- Expand the notion of Self presence through the lens of attachment (additional 6 Cs)
- Through experiential exercises we will learn how having an attachment lens enhances the therapist's compassionate presence and attunement, and the effect of it on intra- and interpersonal healing processes (earned secure attachment)

PREREQUISITES: All participants must have completed at least IFS Level 1 with IFSI or Expanded Intro Course (not less than 48 hours).

TO REGISTER please fill out [this form](#)

MARINA HAZAN is a Certified IFS Therapist and Consultant, and currently in the IFS-I Lead Trainer Program, with over 20 years experience of working with individuals, couples and families, facilitating groups, developing and leading workshops for professionals in Canada, Israel and Russia. Marina specializes in treating childhood trauma, PTSD, challenging relationships, life transitions, and more. She learned the IFS model directly from its creator, Dr. Richard Schwartz, having completed all three levels with him.

The IFS model has tremendously impacted Marina personally and professionally, and she is passionate to share her knowledge, understandings and discoveries with others.
